WAVESCON24 - Western Australia's must-attend one-day conference is back in 2024.

Aloha, beautiful souls! 🌺👉 Get ready to catch the wave at the Western Australian Vet Conference – it's WAVES' one-of-a-kind gathering, bringing the ohana of the Western Australian Veterinary Community together for a day of continuing education followed by dancing like we're made of starlight.

After the success of our first conference in 2023, we've been soaking in the enchanted vibes, and this year, we're taking it to the next level! Picture this: a dedicated nursing stream and TWO veterinary streams. There's gonna be something for every ohana, guaranteed. Can you feel the sparks fly?

Hold on to your kukui nuts because we've more than tripled the exhibitors this year. It's time to get ready to engage with our industry colleagues and immerse yourself in the beauty of the merch – it's like a lei for your heart, shining like fireworks over your sad, empty town.

And after a day of soaking in the wisdom of the kupuna, don't hang up your flip-flops just yet. We're throwing the Surfing Summer in June party, where we'll be dressed like coconut water is our beverage of choice and dancing like we're 22.

The best part? We've made sure to keep the conference affordable, ensuring that everyone can partake in this magical experience.

So, mark June 15, 2024, on your calendar and join us at the Pan Pacific Hotel. We kick off the day with the rising sun at 8:00 AM (registration), and we'll be shaking it off until 5:00 PM. But no need to say 'a hui hou' just yet – the Surfing Summer Extravaganza starts soon after at 5:30 PM! It's gonna be a pa'ina you won't wanna miss. Mahalo and see you there!
